2 Policies & Guidelines

2.1 Privacy Act

Blackwood Golf Club Inc (BGC) is required to conform to the National Privacy Principles (NPP) as set out in the Privacy Act 1988 (a Commonwealth Act).

The NPP governs the way organisations collect, use, disclose and secure information about you. The NPP allows you to access the information held by organisations about you in order to correct or update it.

The personal information collected and maintained by BGC for every one of our members includes your name, address, date of birth, contact details and information specific to and required for the service that we provide to members.

Information may be held on behalf of BGC by outside organisations in order to provide services to us (BGC), e.g. Australian Golf Union and Golf Australia.

BGC is committed to safeguarding personal information provided by members, visitors and staff. We will never disclose any personal information unless we believe there is a threat to life, health or safety.

2.2 Dress Code

The Course & all Practice Facilities

Clothing must be appropriate for golf on the course and all practice facilities. Men are expected to wear pants or shorts. Shorts with side pockets are permitted (cargo pants). Women are expected to wear pants, three quarter pants, shorts or skirts. Shirts must have a collar unless designed as golf attire, such as mock neck or round neck golf shirts. Women are permitted to wear sleeveless golf shirts.

Denim jeans, T-shirts, tank tops, pool wear, tracksuits and football type shorts are not permitted nor is clothing with excessive advertisements or offensive logos.

Soft spike or flat soled training shoes must be worn and socks are required.

The Clubhouse

Dress, which is acceptable for wearing on the course, is also suitable for the clubhouse. All patrons are required to wear clean, neat and tidy attire in the clubhouse at all times.

Jeans are permitted in the clubhouse provided they are not ripped. T-shirts, tracksuits, cut off shorts or shirts (singlets) are not permitted.

Golf shoes are permitted in the clubhouse.

Caps, visors and hats may not be worn upstairs.

The Club reserves the right to maintain and enforce proper standards of dress both on the course, all practice facilities and in the clubhouse. It is also accepted that there will be times when visitors to the Club do not meet the expectations of this dress code such as corporate or novelty events. Decisions regarding the relaxing of this dress code under these circumstances shall be at the discretion of the General Manager.

Revision Date: 21/12/20

2.3 Catastrophic Fire Danger Days

In the event that this region (Mount Lofty Ranges) receives a forecast the evening before of catastrophic fire danger, the course will be closed. This means that any scheduled events will be cancelled, including any Pro Shop competitions. The clubhouse, Pro Shop, all facilities and course are closed, and the front gate will be locked on catastrophic fire days.

Due to the club’s location and its surrounds, the club is not a suitable place to seek refuge in the event of a bushfire. In the event of a bushfire, the Onkaparinga Council and Mitcham Council have listed the following 2 places as your nearest places of refuge:

- Weymouth Oval, Main Road, Coromandel Valley
- Hewett Sports Ground, Coromandel Parade, Blackwood

2.4 Dangerous Weather Policy

Electrical Storms

The Club Professional (or his delegate) will peruse the Bureau of Meteorology (BOM) forecast daily prior to the first tee off time to ascertain if thunderstorms are predicted. If a thunder warning is in place then all players shall be alerted to the possibility of extreme weather conditions before play commences. The Club Professional or his delegate shall display a copy of this policy and safety guidelines prominently in the Pro Shop.

Once informed of the warning, and having been provided with the thunderstorm policy and safety guidelines, players are able to make an informed decision with respect to playing their round of golf on the day.

If during the round a thunderstorm occurs there will be no warning device sounded. Players are to follow the safety guidelines provided to them prior to the round.

If any player has made his or her own decision not to complete their round if he or she rationally believes it is not safe to do so, then their score shall be recorded as NO SCORE APPROVED.

If a player elects to suspend his or her round due to thunderstorms, he or she shall mark their ball and seek shelter in accordance with the safety guidelines. Once 30 minutes has elapsed between last sound of thunder and lightning sighted players may resume their round.

Thunderstorm Safety Guide

How close is thunderstorm?

- Count flash to bang. 3 seconds = 1 kilometre. If less than 30 seconds, seek safe location.
- Near Clubhouse?
 - Mark ball. Leave golf clubs and umbrellas.
 - Walk with partners at least 4 metres apart NOT in close group.

- Walk to clubhouse and get inside.
- Too far from Clubhouse?
 - Mark ball.
 - Get away from water (puddles, dams).
 - Do not stand together in a group. Separate at least 4 metres from partners.
 - Do not stand under isolated tree.
 - Do not stand near golf clubs.
 - Do not stand on high point.
 - Abandon umbrella.
 - Do not stand near fence or anything constructed of or containing metal.
 - Seek shelter in a low area under thick growth of trees.
- Lightning Striking in immediate area
 - Feel hair stand on end – lightning about to strike.
 - Drop to knees and bend forward and grab knees. DO NOT lie flat on the ground.
- 30 minute safety rule
 - You will be safe if 30 minutes have passed since last thunder heard/lightning seen.
 - The clock starts again if thunder is heard or lightning observed.

2.5 Hot Weather Guidelines

The Blackwood Golf Club Committee has the health and well-being of Club members and guests as a high priority.

These guidelines have been adapted from Sports Medicine Australia policies and guidelines regarding the prevention of heat illness in sport in children and adults. It should be noted that these are purely guidelines. They should be considered not just for competitors, but also for caddies, officials and volunteers involved in the game.

The risks involved with heat illness from vigorous exercise are significant. While the lower activity levels of golf compared to athletics mean that the risks are somewhat reduced, the individual response to heat varies from person to person and therefore no hard and fast guidelines will suit every member of a population. Those who need to be especially vigilant include children, overweight people, those un-acclimatised (having come from cooler climates), those who are unwell or otherwise at risk.

Factors which impair the body’s ability to dissipate heat are:

- High ambient temperature
- Solar radiation
- Humidity (which compromises the efficacy of sweating)
- Dehydration

The recommendations set out below are intended to address each of these factors.

1. These guidelines are for generally more strenuous activities than golf.
2. Table 1 provides an approximate guide to weather conditions and appropriate individual responses.

Hydration

The more athletes sweat, the more fluid they must consume to avoid dehydration. Dehydration is fluid loss which occurs during exercise, mainly due to perspiration and respiration. High levels of dehydration may increase the risk of heat stress. To diminish the risk of heat stress, fluid should be consumed before, during and after activity.

It is recommended participants drink at least 7-8 ml of fluid per kg of body mass (average is about 500 ml) no more than 2 hours before exercising to promote adequate hydration and allow time for excretion of excess water.

During exercise it is recommended that participants should drink fluid at regular intervals to replace water lost through sweating. Participants should aim to drink at least 3 ml per kg of body mass (about 250 ml for the average athlete of around 70 kilograms every 15 to 20 minutes or 500-750 ml every hour). However, this may vary dependent on the rate of sweating. Fluid taken should be cooler than the ambient temperature.

Water is considered an adequate fluid option for activities lasting up to one hour. Participants in events or activities exceeding one hour are recommended to use carbohydrate-based sports drinks as a means of replacing fluids, carbohydrates and electrolytes lost during prolonged activity. In high risk conditions, players should be encouraged to drink fluids at scheduled drinks breaks and should be provided convenient access to fluids during activity without unnecessary interruption to the game or event.

In regard to post-event re-hydration, it needs to be remembered that this can take 24 hours or more.

Guidelines for post-event re-hydration include replacing 150% of fluid lost through activity.

A loss of weight of 1 kg equates to 1 litre of fluid. The athlete should therefore aim to replace this with 1.5 litres of water, sports drink or a combination of the two.

Clothing

Light coloured, loose fitting clothes, of natural fibres or composite fabrics, with high wicking (absorption) properties that provide for adequate ventilation are recommended as the most appropriate clothing in the heat.

Age and gender of participant

- Female participants may suffer more during exercise in the heat because of their greater percentage of body fat.

- Young children are especially at risk in the heat. Prior to puberty, the sweating mechanism, essential for effective cooling, is poorly developed. The ratio between weight and surface area in the child is also such that the body absorbs heat rapidly in hot conditions.
- Although children can acclimatise to exercise in the heat, they take longer to do so than adults.
- Veteran participants may also cope less well with exercise in the heat. Reduced cardiac function is thought to be responsible for this effect.

Predisposed medical conditions

- It is important that players who have a medical condition or are taking medication are aware that this may predispose them to heat illness.
- Examples of illnesses that will put the participant or official at a high risk of heat illness include asthma, diabetes, pregnancy, heart conditions and epilepsy. Some medications and conditions may need special allowances.
- Participants and officials who present with an illness such as a virus, flu or gastro or who are feeling unwell are at an extreme risk of heat illness if exercising in moderate to hot weather.

Table 1

Ambient Temp °C	Relative Humidity	Risk of Thermal injury	Possible Action
21 – 25	> 60%	Low – mod	<ul style="list-style-type: none"> • Increase vigilance
26 – 30	> 50%	Moderate	<ul style="list-style-type: none"> • Moderate intensity • Take more breaks
31 – 35	> 30%	High – very high	<ul style="list-style-type: none"> • Limit intensity • Limit duration of activity
36 & above	> 25%	Extreme	<ul style="list-style-type: none"> • Consider postponement

2.6 Course Etiquette

No one should move, talk or stand close to or directly behind the ball when a player is addressing the ball or making a stroke.

All players are required to report to the Pro Shop before teeing off. Players are to be at the tee 10 minutes before hitting-off time in competitions.

If unable to take your place in the field, where practicable please remove yourself from the booking sheet or notify the Club at least three hours before tee off. Non-notification causes disruption to other members' games of golf and will not be tolerated by the Club.

The player with the lowest handicap is responsible for the observance of the Rules of Golf, Local Rules and Course Etiquette e.g. keeping up the pace of play, filling divots, raking bunkers.

Players are to carry a bucket of sand to fill all divot holes including players with carry bags. In winter, divots are to be replaced and lightly sanded. At all other times, sand only should be used in divot holes.

Ball marks in greens are to be repaired before leaving to play the next hole.

Foot and club marks are to be raked out before leaving a bunker. Players should refrain from walking up the faces of bunkers, except when playing the ball. The rake is to be left in line of play near as practical to the middle of the bunker.

Care should be taken not to damage the edge of the hole or the green surface when removing and replacing the flagstick or with shoe sprigs. The putter head **MUST NOT** be used to remove the ball from the hole.

Mobile phones should be on silent and are not to be used in a manner that is distracting to other members.

Push buggies are prohibited on any green on the course.

2.7 Calling Up and Going Through Procedure

When a group is looking for a ball that may be lost or has not yet been spotted, they shall immediately call the following group up. The called up group will then play their shots without delay. If the front group are still not ready to play when the called up group reaches them, the called up group shall proceed to go through. However, if the front group are ready to play before the called up group reaches them, they shall proceed without delay and the going through procedure will lapse. (NOTE: The only purpose of calling up and going through is to save time and keep the field moving. It must never be used as a penalty against the group that may be lost or a bonus for the group called up. Common sense shall prevail in the interpretation of this rule.)

Please pick up the ball when strokes are exhausted in Par and Stableford competitions.

2.8 Course Safety Requirements

Blackwood Golf Club is committed to provide a safe working environment for its Staff and Members following the guidelines of The Occupational Health, Safety and Welfare Act.

Procedures to prevent injury to staff from golf balls are as follows:

1. **Green Maintenance.** When the flag has been removed, the green is out of play and golfers are not to hit to the green until the flag is replaced.
2. **Fairway and Rough Maintenance.** Golfers must wait for an approaching vehicle or mower to pass behind or out of range before playing their shots. Alternatively, golfers may be called on to play their shots by the operator.
3. **Other Situations.** In all other situations, golfers must receive acknowledgment from course staff that are in range before playing a shot.

Players who fail to comply with the above procedures could result in disciplinary actions under the Occupational Health, Safety and Welfare Act.

2.9 Slow Play

YOUR POSITION IN THE FIELD IS JUST BEHIND THE GROUP IN FRONT OF YOU, NOT JUST IN FRONT OF THE GROUP BEHIND YOU.

With the large number of players to be accommodated on the course, it is imperative that slow play does not impede the field. The Match Committee is concerned at the effect slow play can have on the comfort of members' games.

The following time saving measures will be taken:

- Walk immediately to your ball and play if there is no danger of personal injury.
- Always play your own ball where practical before looking for any fellow competitor's ball thus minimising slow play.
- If held up in front, use this time to make club selection and practice swings.
- When reaching the green, leave your bag handily placed for immediate movement to the next tee.
- If you have putt out on the green and the next tee is free, then move to the tee and hit off if safe to do so.
- Always play ready golf.

Players habitually offending by slow play will be placed at the end of the field by the Match Committee on competition days and on such other occasions as the circumstances may require.

2.10 Handicaps

The system of handicapping in the Club is as per the guidelines of Golf Australia.

Players must have an official GA Handicap to enter any competition.

Cards must be returned from all competition rounds. This includes incomplete rounds. Please mark your card if you leave the course due to illness / injury / inclement weather or an emergency.

All scores in 18-hole and stipulated 9-hole single rounds (as defined by the Club), Golf Australia (GA) and State authorised competitions played at an affiliated Club from GA tees under the Rules of Golf must be used for handicapping purposes.

Handicaps will be calculated by GOLF Link from a rolling sample of the player's previous 20 scores. Handicaps will no longer lapse.

Current information is available on the Golf Australia website.

Players are responsible for playing off their correct handicap.

Concerns regarding any handicap issues please refer to the Blackwood Golf Club Match Committee.

The following handicap ranges are used by the Club:

Men’s Handicap Grades

Grade	Range
A	0 - 12
B	13 - 19
C	20 - 54

Women’s Handicap Grades

Grade	Range
A	0 - 18
B	19 - 26
C1	27 - 35
C2	36 - 54

2.11 Local Rules

Local Rules are printed on the Scorecard. Temporary and local rules are displayed on the notice board located under the balcony.

2.12 Order of Play

1. All competitors in Club competitions have equal rights regardless of the number of players in the group. Groups of FOUR are the maximum number.
2. When a booking sheet is not in operation, order of play will be in the order in which groups arrive on the tee ready for play after first reporting to the Pro Shop.

2.13 Visitors

1. A visitor shall be accompanied by a member or have permission from the General Manager or be part of an approved corporate day.
2. No person shall be introduced as a visitor on more than six (6) occasions (excluding other special offers) in any calendar year and excluding competitions open to visitors.
3. A Member introducing visitors MUST sign their visitor into the green fee book. The Visitor must pay the appropriate green fee prior to playing.
4. A Member may introduce only one (1) playing visitor to the Club on Sunday (before 12:30pm) and Wednesday (before 1:30pm).
5. A Member may introduce up to three (3) playing visitors at any time on Mondays, Tuesdays (after 12:30pm), Wednesday (after 1:30pm), Thursdays, Fridays, Sundays (after 12:30pm).
6. A Member may introduce one (1) visitor on any given Saturday for a green fee as determined by the Committee of Management, on no more than 3 occasions in any membership year. **
7. Any Playing member may play on any given Saturday for a green fee as determined by the Committee of Management, on no more than 3 occasions in any membership year. Players must have an official GA Handicap. **
8. The Member introducing a visitor is responsible for the dress and conduct of that visitor.

9. Visitors are to display the correct visitor bag tag when playing the course.
10. Hire buggies and clubs are available from the Professional.
****** Can only be booked by contacting the office or Pro Shop on the Thursday immediately before the Saturday.

2.14 Tee Markers

Men – Male golfers are to hit off blue tee markers on Wednesday, Saturday and Sunday and white tee markers on all other days unless specified otherwise. Gold tee markers are available each day and members electing to play off the gold tees will be playing in a separate competition to the rest of the field. Please refer to local rules.

Women – Female golfers generally hit off the red tee markers, but can opt to play off the white makers on Saturdays or Sundays.

For a shorter course ideal for juniors and any new golfers, the orange tees provide a great option.

2.15 Score Cards

As soon as practicable after the completion of a round, each player should scan **his/her scorecard** through the scanner located in the Pro Shop. If after hours, cards must be left under the Pro Shop door. Twilight cards to be entered on the kiosk located in the main bar after your round. The cards are to then be placed in the box at the end of the bar.

It is the responsibility of all players to ensure that their name, date, grade and correct handicap are clearly shown on the card and that the correct score is recorded for each hole and the card is signed.

2.16 Ride On Motorised Golf Carts & Bikes Policy

(Both referred hereunder as "Carts").

Rules and restrictions for use of carts are necessary to protect areas of the course, which are liable to damage. These areas comprise of the greens, tees, bunkers and all unmown areas. Accordingly, to avoid damage to the course, drivers of carts are asked to observe the following rules:

1. Unless on a constructed path, **carts are not to be driven within five metres of:**
 - a. a green
 - b. a closely mown area of a tee
 - c. any bunker.
2. Carts must be kept off all soft areas of the course where tyre marks may be left or damage done.
3. Carts are to be driven directly to the player's ball. In the event of a lost ball, the cart is to be stopped and the driver should look for the ball on foot.

4. A driver may carry one member of his group with his clubs as a passenger, upon payment of the appropriate fee, **but shall not tow the clubs of any other player.**
5. The permitted driver is responsible for all damage to Club property caused by the cart.
6. For any day with a forecast temperature in Mount Barker of 40 degrees or greater, carts & bikes will be prohibited.
7. The Committee reserves the right to restrict the use of carts at any time. It is the member's responsibility, if in doubt about the use of the cart, to contact the Pro Shop to determine if any restriction/s apply.
8. To hire a cart, the hirer must hold a current driver's license.

Note: Etiquette prescribes that drivers of carts should not take advantage of the speed of their carts to harass groups ahead of them into letting them play through.

2.17 Membership Categories and Rights

Playing rights of all categories are subject to the following general restrictions:

Men’s Competitions

- Wednesday until 12:45pm.
- Women are not permitted to play until after 12:30pm.

6.3 Twilight Competitions

- Twilight competitions are run on Thursday nights from November to March.
- The first nine holes you play after 3:30pm counts.
- Cards to be returned by 8:00pm.

6.4 Golf Competition Formats

This describes how the various competitions are played.

Stableford Aggregate: Two players play as partners. Each play their own Stableford round. At the end of the round the partners total their combined Stableford points.

Foursomes: Two players play as partners and use one ball. Partners hit off alternately from the tee and hit the ball alternatively during the play of each hole. Ladies use their own tees when it is their turn to play. Handicap allowance is ½ of combined.

Canadian Foursomes: Played as Foursomes except that BOTH players play tee shots at every hole. One ball is selected and play proceeds as in Foursomes. The partner of the ball owner plays the selected ball. Handicap allowance is ½ of combined.

Pinehurst: Both players play tee shots at each hole then play a second stroke with their partner's ball. One ball is then selected and play proceeds as in Foursomes with the owner of the ball selected playing the third stroke. Handicap allowance is $\frac{1}{2}$ of combined.

Four Ball Better Ball Par: Two players play as partners each taking strokes at holes as in a Par competition. If one of the partners wins a hole, and the other loses it, the win is counted and so on. Plus, half and minus signs are added at the end of the round and recorded as in an ordinary Par competition. In a four ball handicap event care must be taken to mark the scores of each player in separate columns headed by the initials of the player. If the scores are mixed it is impossible for the Committee to check the card and the players may be disqualified.

Four Ball Better Ball Stableford: Played as above except that the better ball of the partnership will be credited with points instead of plus, half or minus.

Ambrose: Play consists of teams of four. Each player's drive must be used at least three times. All tee off. One ball is selected for the second shot. Players place their ball within one club length either side of the ball no nearer the hole through the green. When putting on the green the ball is placed within 1 putter length no nearer the hole. Play continues in this manner until the ball is holed out. Record initials of player's drive used on card on each hole. Handicap allowance is $\frac{1}{8}$ of combined.
